Dear sir,

**LETTER OF RECOMMENDATION FOR INTERNSHIP PLACEMENT FOR
SHUAIB NURUDEEN OLAWALE**

I am writing to recommend Shuaib Nurudeen Olawale, a recent Medical Laboratory Science graduate, for a one-year internship at your prestigious Jos University Teaching Hospital (JUTH). Shuaib Nurudeen Olawale has worked hard for TeleCare Health Services Ltd., and we have had the honour of witnessing his remarkable professionalism, discipline, and dedication to providing high-quality services. He continuously showed a strong interest in laboratory diagnostics, meticulousness, collaboration, and adherence to moral principles, qualities that are consistent with your hospital's basic beliefs.

Before beginning national service and full-time professional practice, all Nigerian medical laboratory science graduates must complete a one-year internship in an accredited healthcare facility. I am certain that he will be a valuable addition to your organization given his commitment, skill, and desire to use laboratory medicine to improve patient care.

I am wholeheartedly endorsing his application and am confident that he will maintain the integrity and high standards required of interns at the Jos University Teaching Hospital (JUTH).

If you need any additional information, don't hesitate to get in touch with me.

Regards,

Mr. Opeolu Sanni
Chief Executive Officer
